 SAIFI – System Average Interruption Frequency Index

Key Performance Indicators

FKPI – functional key performance indicators
 ROIC – return on invested capital
 EBITDA – earnings before interest, taxes, depreciation and amortization
 BoD – Board of Directors

Key Risks

ACS – automated control system
 PPE – personal protection equipment
 SDG – sustainable development goals

Operational Results

HQ – headquarters
 RPA – relay protection automation
 c.u. – conventional units
 OOO – Limited Liability Company
 VAT – value-added tax
 MKU – municipal public institution
 GBU – state budgetary institution
 GBUZ – state budgetary medical institution
 CAW – construction and assembly works

Tariff Policy

RAB – regulatory asset base
 FAS – Federal Antimonopoly Service
 UNES – united national energy system
 RGO – regional grid operators

Innovations

IEC – International Electrotechnical Commission, international standards and conformity assessment body
 CRM – customer relations management
 PAMS – Production Assets Management System
 SCADA – supervisory control and data acquisition
 GIS – geoinformation system
 IS – information system

Contribution to Achieving the UN Sustainable Development Goals

UN – United Nations
 SDG – sustainable development goals

Personnel Management

FEC – fuel and energy complex

Environment Protection

PCB – polychlorinated biphenyl
 LED – light emitting diode
 M&R – maintenance and repair

Management Systems

GOST – state standard

Corporate Governance Report

CGC – Corporate Governance Code
 D&O – directors and officers
 CEB – Collegiate executive body
 ICS – internal control system
 RMS – risk management system
